In Re: The General Adjudication  
of All Rights to Use Water in the  
Gila River System and Source  
W-1, W-2, W-3 and W-4 (Consolidated)

In re: Status Conference

**MINUTE ENTRY**

**Courtroom: CCB 301**

1:46 p.m. This is the time set for a Status Conference to consider the claims and resolve objections to Watershed File Report ("WFR") 115-10-BA-001.

The following attorneys and parties appear in-person: Mark McGinnis on behalf of Salt River Project; and Joe Sparks on behalf of San Carlos Apache Tribe.

The following attorneys and parties appear telephonically: John Burnside on behalf of BHP Copper; David Brown on behalf of Bar Seven Cattle Company, LLC; Kimberly Parks on behalf of AZ Department of Water Resources ("ADWR"); Bradley Pew on behalf of ASARCO; Jay Tomkus on behalf of Pascua Yaqui Tribe and Yavapai-Apache Nation; Gregory Larson as Trustee of the Larson Education Trust; property owner Mike Leusch; property owners Ray Jones and Jackie Jones; property owner Wendy Marcum; property owner Jeff Kerley; property owner James Etherton; and Rob Burris on behalf of property owners Nancy Henson and Nancy J. Hunter.

A record of the proceedings is made digitally in lieu of a court reporter.

The Court inquires if Bar Seven Cattle Company, LLC owns the majority of the property involved in this case and if it intends to assert an irrigation right. Mr. Brown represents that his client does own the majority of the property and that it intends to assert the irrigation rights.

The Court states that Anderson Development Corp. is also the named landowners in another WFR that has numerous stock ponds and stock watering filings and asks if the Bar Seven Cattle Company, LLC intends to assert stockpond and stock watering rights.

Mr. Brown states his client is intending to assert those rights. He currently does not have the number of the WFR where those are listed.

The Court will include copies of the WFR with the minute entry and set this case for a status conference. At that time, Mr. Brown can advise the court if the case associated with the WFR needs to be consolidated with this case.

Mr. Brown requests until December 2, 2019 to file amended Statement of Claimants. The Court grants that request.

Mr. Burris also has until December 2, 2019 to review the Statement of Claimants pertaining to his client's property and amend if necessary.

Property owner Wendy Marcum states that she intends to assert a claim for a water right. The Court directs Ms. Marcum to file a Statement of Claimant by December 2, 2019.

Property owner James Etherton is asserting a water right with a priority date after 1990. Therefore, his claim will not be considered in this case because ADWR has not reviewed claims and issued reports for claims for water rights with a priority date after 1990.

Property owner Mike Leusch is asserting a water right with a priority date after 1990. Therefore, his claim will not be considered in this case because ADWR has not reviewed claims and issued reports for claims for water rights with a priority date after 1990.

Property owners Ray and Jackie Jones are asserting a water right with a priority date after 1990. Therefore, their claim will not be considered in this case because ADWR has not reviewed claims and issued reports for claims for water rights with a priority date after 1990.

Property owner Jeff Kurley is not certain if he has filed a Statement of Claimant. He is directed to file a Statement of Claimant by December 2, 2019. If he is asserting a water right with a priority date after 1990, his claim will not be considered because ADWR has not reviewed claims and issued reports for claims for water rights with a priority date after 1990.

IT IS ORDERED setting a Status Conference for **December 11, 2019 at 3:00 p.m.** in the Maricopa County Superior Court, Courtroom 301, Central Court Building,

201 West Jefferson, Phoenix, Arizona 85003. The purpose of the status conference is to begin the process of considering water rights asserted in those statements of claimant and amended statements of claimant that are the subject of WFR 115-10-BA-001 and to determine if claimants have additional claims for domestic, stockpond and stock watering rights that should be considered at this time.

Instructions for telephonic appearance:  
Dial: 602-506-9695 (local)  
1-855-506-9695 (toll free long distance)  
Dial Participant Pass Code 357264#

The telephone call should be placed from a telephone in an area with no background noise as such noise prevents the parties from hearing the proceedings in the courtroom. The call may not be placed from a vehicle. Also, the use of cellular telephones to call into the hearing is strongly discouraged. If a cellular telephone is used, the user should be prepared to place the call on "mute" except during the times when the user is addressing the Court.

1:57 p.m. Matter concludes.

LATER:

Based on a review of ADWR's public records, a Statement of Claimant for a water right has not been filed by Ms. Marcum or Mr. Kurley. Statement of Claimant 39-17812 has been filed by Mr. Etherton with a claimed priority date of 2013 listing a registered well as the source of water. Mike Leusch filed Statement of Claimant 39-17929 with a claimed priority date of 2016 listing a registered well as the source of water. Mr. and Mrs. Jones filed Statement of Claimant 39-17720 and Well Registration 55-915358. The purpose of this case is to decide the merits of the claims for water rights asserted in those Statements of Claimant investigated by ADWR in its Watershed File Report no. 115-10-BA-001 that was issued in 1991. Accordingly, this case will not consider claims for water rights made in Statements of Claimant 39-17812, 39-17929, or 39-17720.

Pursuant to A.R.S. §45-257, any claimant who has asserted an irrigation claim and who also asserts a stockpond, stock watering or domestic water use shall be entitled to a determination of those claims in conjunction with the determination of the claimant's irrigation claims. Arizona Department of Water Resources determined that Anderson Development Corp, Carl and Marie Jo Anderson, and John and Jennifer Jo Bird were the landowners of the land for which claims for irrigation water use were made. Additional watershed file reports name Carl and Marie Jo Anderson and John and Jennifer Jo Bird as landowners. Attached to this minute entry are copies of WFRs 115-05-03, 115-06-013

and 115-10-016. At the status conference, the parties intending to pursue water rights that have been investigated by ADWR and included in WFR 115-10-BA-001 shall advise whether they have claims for stockponds, stockwatering or domestic claims that are the subject of other watershed file reports prepared by ADWR as part of its Hydrographic Survey Report dated November 1991.

A copy of this order is mailed to all persons listed on the Court approved mailing list.
