17 DESCRIPTIVE SUMMARY: This order schedules a status conference for **Thursday,**

19 Williams to file all remaining required documents.

20 NUMBER OF PAGES: 5

21 At the request of the Special Master, the Arizona Department of Water  
22 Resources (“ADWR”) submitted a status report to the Court on September 3, 2024,  
23 regarding the surface water filings completed for this contested case. ADWR reported  
24 that on May 9, 2024, Ms. Donna Williams, the daughter of the currently recorded  
25 landowner Junior Williams, submitted a new Claim of Water Right for a Stockpond and  
26 Application for Certification. ADWR further reported that additional information  
27 regarding ownership was necessary for ADWR to certificate the stockpond claim. On  
28 November 7, 2024, a status conference for this contested case was held and Ms.

Williams was ordered to file a joint report with ADWR describing progress on updating ownership and statement of claimant (“SOC”) information. On February 10, 2025, ADWR filed that joint report.

### **Property Ownership**

To obtain a water right for the stockpond, the claimants identified on the SOC must match the property owner information and the name on the basis of right.. All persons who are listed as owners of the property on the deed document that was provided to ADWR are deceased. Additionally, the listed applicants in the Claim Amendment for the stockpond are deceased. In Arizona, appropriable water rights are tied to land ownership and active beneficial use. There are no provisions to awarded water rights to deceased individuals. As stated in ADWR’s September 3, 2024, report, valid proof of current land ownership must be provided in order to certificate Claim No. 38-96665.0.

**IT IS ORDERED** that if Ms. Williams intends to pursue potential water rights for Middle Tank, she shall complete the following by **May 30, 2025**,

Provide ADWR with a recorded deed showing updated ownership of the specific legal location of Middle Tank and ensure the applicants’ names on the Claim Amendment match those on the deed

OR

Provide ADWR with documentation that owners not listed as applicants on the Claim Amendment have ceded their rights to use the property or water on the property.

**IT IS FURTHER ORDERED** that if Ms. Williams intends to pursue potential water rights for Middle Tank, she shall submit by **May 30, 2025**, a letter to ADWR approving or contesting the results in the April 28, 2022, Field Inspection Report. If Ms. Williams intends to change the legal location of Middle Tank from what is listed or

1 make any other changes to the application for Claim 38-96665.0, Ms. Williams shall  
2 submit the changes on the *Amendment Statement of Claim of Right to Use Public*  
3 *Waters of the State of Arizona*, available on ADWR's website at:  
4 <https://www.azwater.gov/surface-water/surface-water-forms-anddocuments>.

5  
6 **IT IS FURTHER ORDERED** that if Ms. Williams intends to pursue potential  
7 water rights for the Middle Tank, , Ms. Williams shall update SOC's 39-80958 and  
8 39-80959 by **May 30, 2025** to reflect the property ownership and location as amended  
9 above for the Stockpond Claim 38-96665.0.

10  
11 **SP2/Garden Pond**

12 In Watershed File Report ("WFR") 33-60-CBA-001, ADWR identified a second  
13 stockpond, labeled as SP2, as a PWR associated with Parcel 208-03-004C that was  
14 confirmed in ADWR's April 28, 2022, Field Inspection Report. Irrespective of the short  
15 duration of storage, Arizona law requires that any storage of appropriable water must  
16 comply with the requirements listed in Arizona Revised Statutes §§45-271 through 45-  
17 276.

18  
19 **IT IS ORDERED** that by **May 30, 2025**, the "Garden Pond" must be breached  
20 so that it does not store appropriable water OR the pond must be appropriately  
21 registered and certificated as follows:

- 22
- 23 • If SP2/Garden Pond was constructed prior to June 12, 1919, a Statement of  
24 Claim of Right must be filed
  - 25 • If SP2/Garden Pond was constructed after June 12, 1919, an Application for  
26 Permit to Appropriate Public Water of the State of Arizona or to Construct  
27 a Reservoir must be filed.

28 **IT IS FURTHER ORDERED** scheduling a status conference for **Thursday**,

1 **April 24, 2025, at 10:30 a.m.,** for Ms. Williams to update the Court on progress and ask  
2 any questions she may have regarding the requirements of this order.

3  
4 The conference will be held using the Court Connect program. Updated
