MINUTE ENTRY

Central Court Building – Courtroom 301

10:01 a.m. This is the time set for Status Conference to receive an update from Counsel Snow, discuss any remaining objections, and obtain an update from the Reidheads before Special Water Master Sherri Zendri.

The following attorneys and parties appear virtually through Court Connect:

- Riley Snow on behalf of the Church of Jesus Christ of Latter-day Saints (“LDS”)
- Katrina Wilkinson on behalf of the Salt River Project (“SRP”)
- Garrett Perkins observing on behalf of the Little Colorado River Coalition (“LCRC”) and Silver Creek Irrigation District
- Karen Nielsen on behalf of Arizona Department of Water Resources (“ADWR”)
- Mark Widerschein on behalf of the United States Department of Justice

A record of the proceedings is made digitally in lieu of a court reporter.

The Water Master notes that Trenton C. and Amber Reidhead have failed to appear for today's Status Conference. Pursuant to the Minute Entry dated May 27, 2025,

IT IS ORDERED removing Trenton C. and Amber Reidhead from the Court-approved mailing list and dismissing any potential water right claims they may have associated with watershed file report 33-51-008.

Discussion is held regarding how to proceed. Counsel Snow informs the Water Master that he has reached out to ADWR and their staff will be working with them to address the missing information. He further advises that there are some minimal mapping issues on the report such as tank locations that will need to be fixed and there are some claims filed by older entities that will need to be updated to reflect the correct ownership titles. Counsel Snow is in agreement with 60 days to work through the missing information and title updates.

IT IS FURTHER ORDERED that Counsel Snow shall file a Status Report **on or before Wednesday, November 12, 2025**, giving notice that all documentation has been completed and/or submitted to ADWR, and indicating whether there are any applications to be processed by ADWR.

Counsel Nielsen provides an update to the Water Master. She indicates that ADWR has certifications to complete on some of the stockpond registration filings. She notes that the name issues on the SOCS may need to be done by assignment or amendment.

IT IS FURTHER ORDERED that ADWR provide a Status Report **on or before Wednesday, November 12, 2025**, informing the Water Master of the agency's anticipated schedule to complete stockpond certifications for this contested case.

10:10 a.m. Matter concludes.

A copy of this minute entry is provided to all parties on the Court approved mailing list.
