REASON FOR OBJECTION

The reason for my objection is as follows (please number your objections to correspond to the boxes checked above; please attach supporting information and additional pages as necessary):

CATEGORY NUMBER

These claims are all in Cochise County - I feel DWR should use Cochise County.

1. DWR has included my ground water in this stream adjudication
2. DWR shows my stock tanks, wells, etc are on public land - these were developed by private money and belong to the livestock that range from the water there so I own the water rights
3. DWR has not recognized my natural springs and stream which have been used since livestock has been on the range
4. DWR implies I can not develop more ponds or wells - I reserve this right to drill more wells and build more stock ponds as needed.
5. DWR has demand these reports which are unclear what is needed all claims were filed prior to establish my rights, DWR has come back with no use, inactive, DWR study is very inaccurate.
6. All my water right claims filed are for water used for grazing livestock, domestic, home use, watering small domestic animals and some trees, gardens etc.
7. All underground well should be zone 3 according to DWR requirement

The following claims are challenged on the basis that the claimant is not the landowner.
