IN THE SUPERIOR COURT OF THE STATE OF ARIZONA
IN AND FOR THE COUNTY OF MARICOPA

IN RE THE GENERAL
ADJUDICATION OF ALL RIGHTS
TO USE WATER IN THE GILA
RIVER SYSTEM AND SOURCE

W1-00-001234 (Consolidated)
Contested Case No. **W1-11-002739**

ORDER SETTING DEADLINE

CONTESTED CASE NAME: *In re ASLD – D.M. Martin*
HSR INVOLVED: San Pedro Hydrographic Survey.
DESCRIPTIVE SUMMARY: This order sets a deadline to file comments on draft abstracts no later than **March 13, 2026**, for all draft abstracts filed for this contested case.
NUMBER OF PAGES: 28

On December 18, 2026, the Arizona State Land Department (“ASLD”) was granted additional time to work with former ASLD lessees to secure assignments of the former lessees’ stockpond applications. A deadline of February 20, 2026, was set in the order granting ASLD the additional time. On February 20, 2026, ASLD timely filed notice with the Court that it has received a completed assignment. ASLD further noted that the December 18, 2026, order did not provide any deadlines for revised abstracts, however the General Stream Adjudication website indicated otherwise, listing February 20, 2026, as a deadline for “Revised Abstracts and notice re: stockponds.” As such, ASLD provided updated stockpond abstracts and requests the Court provide a deadline for comments.

Parties are reminded that there are multiple court personnel and departments

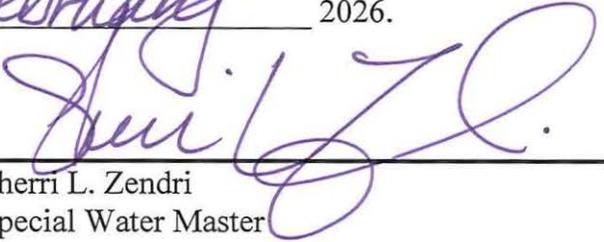

1 involved in maintaining the General Stream Adjudication website and occasional
2 mistakes are inevitable. Where there is conflicting information on the website, the
3 language in the official order is always controlling. Additionally, an email to the Office
4 of the Special Master at water@jbazmc.maricopa.gov to inquire or notify us of the
5 discrepancy is always appreciated so we can get it resolved as quickly as possible.

6 **IT IS ORDERED** that any comments regarding ASLD's draft stockpond abstracts
7 must be filed no later than **March 13, 2026**. The draft abstracts are attached as
8 Attachment A. Parties do not need to provide comments regarding the lack of
9 stockpond certification, as the Court is fully aware of the timing challenges with the
10 Arizona Department of Water Resources ("ADWR").

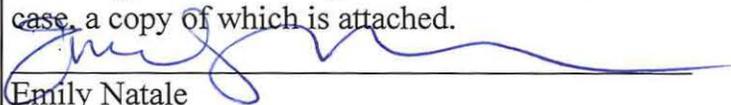

11 **IT IS FURTHER ORDERED** that ADWR provide, no later than **March 13,**
12 **2026**, an estimated timeframe to complete the certification process for the draft stockpond
13 abstracts.

14 Once all comments are received and ASLD and the Court understand the
15 approximate date when the stockponds in this contested case will be certificated, an
16 appropriate deadline for final abstracts will be determined.

17
18 Signed this 26th day of February 2026.

23 On February 26, 2026, the original of
24 the foregoing was delivered to the Clerk of the
25 Maricopa County Superior Court for filing and
26 distributing a copy to all persons listed on the
27 Court-approved mailing list for this contested
28 case, a copy of which is attached.
