REASON FOR OBJECTION

The reason for my objection is as follows (please number your objections to correspond to the boxes checked above; please attach supporting information and additional pages as necessary):

CATEGORY
NUMBER

A. There is no indication throughout the listing of our owned waters (stock ponds and wells) on State Lands that they are owned by us even if on State Land. These water developments were accomplished with private moneys, were bought by us in 1977 from a former leasee of the State Lands and we have paid taxes on them since that time. Improvements since that time are also owned by us.

Our groundwater wells should not be included in surface water considerations affecting downstream flow. We have received advice of objections to our catalogued well rights that are inappropriate.

This whole process is too complicated.

This process should be handled in the local areas and not in Phoenix.
