CONTESTED CASE NAMES: *In re Redfield Canyon State Claims*
In re ASLD-Estate of Hope I. Jones

HSR INVOLVED: San Pedro River Watershed Hydrographic Survey Report.

DESCRIPTIVE SUMMARY: Proposed abstracts based on Watershed File Report 113-12-010
prepared for ADWR review by **February 5, 2021**.

NUMBER OF PAGES: 20

DATE OF FILING: November 23, 2020

1 **I. Procedural Background**

2 On November 2, 2020, the Arizona State Land Department (“ASLD”) and C-Spear LLC
3 (“Claimants”) filed a motion in *In re ASLD-Estate of Hope I. Jones*, contested case W1-11-2666 to
4 initiate the contested cases to resolve the claims for water rights investigated in and objections to
5 Watershed File Reports 113-12-010 and 113-12-015. The Claimants also requested that the new
6 cases be consolidated with *In re ASLD – Estate of Hope Jones*, contested case W1-11-2666.
7

8 Watershed File Report 113-12-010 is the subject of *In re Redfield Canyon State Claims*,
9 contested case W1-11-2665, which was initiated on April 20, 2017. Watershed File Report 113-
10 12-015 is the subject of *In re ASLD-Saguaro Juniper Corporation*, contested case W1-11-2670,
11 which will be initiated. To avoid potential administrative confusion, the two contested cases will
12 not be consolidated with *In re ASLD-Estate of Hope I. Jones*, contested case W1-11-2666.
13

14 **II. *In re Redfield Canyon State Claims*, contested case W1-11-2665**

15
16 *In re Redfield Canyon State Claims* originally involved seven Watershed File Reports, one
17 of which was Watershed File Report 113-12-010 (“WFR”). On March 11, 2019, the proceedings
18 were effectively stayed in this case to resolve the objections to WFR. Based on the
19 representations made in the motion filed by ASLD, that the State of Arizona has acquired
20 ownership of the land included in the boundaries of the WFR. As a result, proceedings will be
21 resumed to adjudicate the claimed water rights.
22

23 The WFR identifies potential water rights located in Section 1, 12, 13, 14, 23, 24, and 25
24 Township 12 South Range 19 East and Section 5, 8, 9, Township 11 South Range 20 East. A copy
25 of the WFR is attached as Attachment A. A copy of the map prepared for the WFR is attached as
26 Attachment B. The land is identified as “(10)”. The Arizona State Land Department and the City
27 of Tucson filed the Statements of Claimant (“SOCs”) identified in the WFR as the relevant filings
28

1 for the potential water rights. Arizona State Land Department is named in the WFR as the owner
2 of the property described in the WFR. According to the public records maintained by the Arizona
3 State Land Department, the land is leased in part to Saguaro-Juniper Corporation and, in part, to C-
4 Spear LLC.

6 **III. Expedited Procedures**

7
8 Claims for rights to water for stock watering and stockponds in the San Pedro Watershed
9 and the objections to the Watershed File Report that examine those claims are determined using
10 an expedited process. The process is set forth in the Memorandum Decision, Findings of Fact,
11 and Conclusions of Law for Group 1 Cases involving Stock watering, Stockponds, and Domestic
12 Uses, dated November 14, 1994, amended February 23, 1995, approved and modified September
13 27, 2002 ("Decision").

14
15 The first step in the procedure is the preparation of proposed abstracts for each of the
16 claimed water rights for stock watering and stock ponds analyzed by the watershed file reports.
17 Drafts of the proposed abstracts have been prepared and attached as Attachment D. The drafts
18 are being provided to Arizona Department of Water Resources ("ADWR") for review and maps.
19 Upon receipt of a report and maps from ADWR, the Arizona State Land Department and its
20 lessee shall file a joint report that identifies the owners of the water rights, or if there is no
21 agreement, the potential water rights about which there is a dispute as to ownership. Upon
22 receipt of the joint report, the proposed abstracts will be distributed to all of the parties because
23 the Decision directs that "the litigants will be provided an opportunity to suggest the correction
24 of mistakes in the proposed abstracts." Decision, p. 47. After suggested corrections have
25 been received from the parties, the suggested corrections will be reviewed and any necessary
26 corrections will be made to the proposed abstracts. The final step in the process is the inclusion
27
28

1 of the reviewed and corrected abstracts into a catalog of proposed water rights where they will be
2 subject to very limited set of objections and ultimately in a final decree.

3 Accordingly,

4 **IT IS ORDERED** that ADWR shall review and file a report with its comments on the
5 draft abstracts attached as Attachment D and prepare maps regarding the potential water rights
6 by **February 5, 2021**.

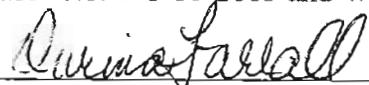

8 **IT IS FURTHER ORDERED** that ADWR and the Arizona State Land Department
9 shall take the steps necessary to rename the facility for 113-12-010-SP002.

10 **IT IS FURTHER ORDERED** that the Arizona State Land Department and C-Spear
11 LLC shall file a joint report by **February 19, 2021** concerning the ownership of the water rights
12 that are the subject of the attached abstracts.

13 **IT IS FURTHER ORDERED** that the Arizona State Land Department shall file by
14 **February 19, 2021**, copies of assignments of claims for water rights filed by Bureau of Land
15 Management listed in the WFR and a copy of the patent for the land that is included in the
16 boundaries of the WFR or such other documents available that transferred ownership of the land
17 from the United States to the State of Arizona.
