In re: Status Conference

MINUTE ENTRY

Courtroom: CCB 301

1:42 p.m. This is the time set for a status conference before Special Master Susan Harris.

The following attorneys and parties appear in-person: Rhett Billingsley on behalf of ASARCO; Kevin Crestin on behalf of Arizona State Land Department; and Mark McGinnis, Sharon Morris and Axel Buchwalter on behalf of Salt River Project (SRP).

The following attorneys and parties appear telephonically: John Burnside on behalf of BHP Copper; Charles Cahoy on behalf of City of Phoenix; Laurel Herrmann on behalf of the San Carlos Apache Tribe; Julian Nava on behalf of Tonto Apache Tribe; Kimberly Parks on behalf of Arizona Department of Water Resources; and Jay Tomkus on behalf of Yavapai-Apache Nation.

Court reporter, Marylynn Lemoine, is present and a record of these proceedings is made digitally.

Mr. McGinnis states that SRP has taken two actions as set forth in its status report. There are irrigation claims on the north track property and south track property. Counsel has prepared a stipulation, proposed order and draft abstracts for both properties for the irrigation claims that have been distributed to the objectors. SRP requests 90 days to be able resolve those stipulations.

Mr. McGinnis further states that SRP has five small reservoir (SR) proposed water rights for which *de minimis* abstracts have been prepared. SRP suggests that these proposed abstracts be sent to ADWR for review and comments. Discussion is held with respect to the quantity for one of the small reservoirs.

The Court inquires if the parties in the courtroom and on the telephone have any objections to Mr. McGinnis's proposal.

There being no objections,

IT IS ORDERED that SRP is to file a stipulation with respect to the irrigation claims by **January 17, 2020** or file a status report if parties are unable to reach an agreement.

1:55 p.m. Matter concludes.

LATER:

IT IS FURTHER ORDERED that by **January 17, 2020**, Arizona Department of Water Resources shall submit a report about the proposed abstracts and maps filed by SRP on October 18, 2019, with respect to the basis of right, legal descriptions of the points of diversion and places of use in the submitted abstracts. The Department shall also review the claimed quantity in proposed abstract 114-04-BAD-007-SR002 and include its comments about the quantity in its report.

A copy of this order is mailed to all persons listed on the Court-approved mailing list.
