General Explanation

This order opens a case to determine rights to use water on land owned by the Arizona State Land Department ("ASLD"). In this contested case, ASLD and lessees of ASLD filed various statements of claimant ("SOC") for water uses in the Winkelman Subwatershed of the San Pedro River Watershed. The Arizona Department of Water Resources ("ADWR") investigated the claims and prepared watershed file report ("WFR") **114-04-006**, published in the San Pedro River Hydrographic Survey Report

("HSR").

After ADWR issued the WFR, objections were filed to the findings made in the WFR by **Salt River Project**, **Arizona State Land Department, Gila River Indian Community, San Carlos Apache Tribe, Yavapai-Apache Nation, and Tonto Apache Tribe**.

Claimant and Landowners

WFR 114-04-006 lists the ASLD as the owner of the lands investigated. ASLD records indicate that the lands investigated currently comprise ASLD lease parcel 05-892. A map depicting the places of use identified in the WFRs is included as Attachment A. The public records of ADWR do not contain any assignments of the SOC listed in the WFR. Further, neither the state nor lessees appear to have filed any additional SOCs since the issuance of the HSR.
