LATER:

In the May 30, 2024, Minute Entry, the Court rescheduled a status conference as a result of landowner/claimant Robert Floyd's failure to attend and provide the Court an update. The Minute Entry further informed Mr. Floyd that failure to attend a second status conference will result in the dismissal of his potential claims for this contested case. Mr. Floyd did attend the rescheduled conference on July 2, 2024, explained that his previous failure to attend was due to health issues, and reiterated to the Court his interest in pursuing any potential water right(s).

For this most recent status conference, Mr. Floyd again failed to attend. However, the ADWR notified the Court that Mr. Floyd is in fact moving forward with the necessary actions to resolve his potential water rights. Recognizing that Mr. Floyd may have continued health issues, the Court will extend him more time. Therefore,

IT IS ORDERED that that by **October 11, 2024**, Mr. Floyd shall file with the Court a written statement explaining his failure to appear for a second time on September 10, 2024, and provide to the Court an update of his progress regarding updated SOCs and basis of right of application(s), and a detailed explanation of the quantity of use he is claiming. This is the final opportunity for Mr. Floyd. Failure to provide the documentation as ordered by the Court shall result in the dismissal of Mr. Floyd's potential claim. If Mr. Floyd has any procedural questions regarding how to file his written statement, he may contact the office of the Special Water Master at (602)372-4115
