The Court states the Land Department filed a request to amend an abstract that was issued last year to change the ownership of the abstract for the stock pond on the land from the Land Department to the Magoffin Family Trust.

The Court address Mrs. Magoffin and asked her to talk about the Long Hollow Wash well.

Mrs. Magoffin states I just put in a statement of claim rights and it is now in as 36-106061 and it is on deeded land. The State also has a dirt tank well that is in the mountains above and I think that might be somewhat confusing but it has been turned over to State land. The original 39-12022 did have a claim on it but we did not file for that claim.

The Court address Mrs. Magoffin. I do not understand what this Long Hollow Wash well is a source for.

Mrs. Magoffin states it was for stock water and was it never identified on the water shed report. It is located in section 21 Township 7 south Range 20 east southwest northwest southwest and it is a recorded well 55604314.

The Court states that the land in this case are sections 19, 30, 29 and 31. Does the Long Hollow Wash well provide for any use in sections 19, 30, 29 or 31?

Mrs. Magoffin states no it does not. The well is in section 21 Township 7 south R20 east southwest northwest southwest.

The Court asks whether think there is something else that needs to be done in this contested case W1-11-3338, please let me know as it pertains to sections 19, 30, 29 and 31.

Mrs. Magoffin states that in 3338, Kevin Crestin took care of that with State Land, there was a dirt tank and well within that, so that has been taken care of.

Mr. Crestin states he does not feel that anything else needs to be done in this case W1-11-3338.

This matter is concluded and no further action will be taken.

3:43 p.m. Matter concludes.
