MINUTE ENTRY

The Salt River Project Agricultural Improvement and Power District and the Salt River Valley Water Users' Association (collectively "SRP") have filed a motion alleging that certain entities comprising part of the group of claimants commonly referred to in this special proceeding as the "Lower Gila Water Users" lack standing to object to the proposed settlement of the claims asserted by the Gila River Indian Community. The Court initially considered setting oral argument on SRP's motion, but subsequently decided against scheduling a hearing because the Court does not read the motion to suggest that all of the those associated as the Lower Gila Water Users lack standing and, therefore, even if successful, SRP's motion would not affect the scope of the hearing scheduled for August 20-23, 2007. Based upon the foregoing,

IT IS ORDERED denying SRP's motion for summary judgment against certain members of the Lower Gila Water Users association, without prejudice.

If SRP believes that the Court has misread the scope of the relief requested, and can certify that the motion requests relief that, if granted, would eliminate the standing to object for all members of the Lower Gila Water Users, the Court would entertain a motion to reconsider this Order so that the merits of the legal arguments set forth in the motion may be addressed.

IT IS ORDERED signing this minute entry as an order of the Court.
